

Chemistry CP

Name: _____

Reviewing Course Policies

Section: _____

Use your "Guidelines and Expectations" handout to answer the following questions. Answers do not need to be lengthy.

1. How much time should you spend every day, on average, preparing for this class?

2. How is your grade calculated?

3. How often should you expect homework in this class?

4. Can material from past units appear on tests and quizzes?

5. What do you need to bring to class every day?

6. What kind of calculator can you use for a test or quiz?

7. Are all quizzes announced?

8. What is the course policy if you forget to complete or turn in your homework?

9. What grade will you earn when you turn in a lab or project one day late? Two days late?

10. You were absent the day of a test. How much time do you have to make up the test?

11. Where can you find materials from a class that you missed?

12. You missed class because you were dismissed for a doctor's appointment or a field trip. What should you do?

13. When is it acceptable to copy your friend's homework, lab report or other assignment?

14. If you are absent for a lab, when should you make it up?

15. If you need to leave the room for some reason, what are you expected to do first?
